About Us

Welcome to **Master Fleet Token Project**, where your time will be more valuable while driving. With a fleet of 44 cameras, we strive to make your time more valuable while driving by using DEPIN Technology which is almost fully automated and requires very little effort to increase productivity and make extra money while being on the road driving.

GEONET

Why Us?

We have build a fleet based on multiple DEPIN Projects such as Hivemapper, Dimo, Depin,Xnet and Geonet. At The Moment Our Company its generating approximately \$2,500 a week. 10% from such revenue will be distributed to all MFT Token Investors

Token Information:

Token name: Master Fleet Token

Token Ticker Symbol: MFT

Total Supply: 20.000.000

More Info: *Can be swapped directly from phantom wallet*

•Token Address:

7msPdh3UiSpqkajGZ7z2aJmypfEPZ443ncKTpYKsC9Vv

•Founders Wallet:

1 (MFT/USDC) Priority
2 (MFT/SOL)

•5 mill MFT founders funds.

•2 mill MFT will be use to purchase more DC/mounts/power adapter/other material needed.

•**We have a total of 47 DC's installed at the moment of writing this. Every time we add more DC to the fleet the number will be updated.**

•**Medium term goal is to have 250 DC fully operational.**

•**Total revenue of the company is any where from (\$2500) a WEEK.**

Note:This numbers will change over time.

•(Buy Back) from us will be 10% revenue monthly.

•(Buy Back) will be dividend by 4.

•15% will be send out as (BONUS) for all holders of 100,000 MFT or more.

•5% will be send out to all wallets holding any (1) exclusive NFT from our collection. Coming Soon (Under Development)

2% will be use for blockchain fees.

The rest of the buy back will be burn, 100k a week till all buy back amount is burn.

Our plan for promo/marketing.

We are going to grow the community little by little, we are adding the MFT to free listing places for now, we are registered and ready for votes in the following places,

<https://fomospider.com/coin/Master-Fleet>

<https://coinsniper.net/coin/68133>

<https://coindiscovery.app/coin/master-fleet/overview>

Mind you, some times the community register the token and the information use is not accurate, please always check the contract address before anything else.

MFT WHITE PAPER

Plan to grow DEPIN.

At the moment we have multiple DEPIN installs will be listing the projects and the amount of equipment working ATM.

HIVEMAPER- 44 HD

XNET- 9 AP routers

DIMO- 10 Autopi

GEODNET- 3 GEODNET routers

HIVEMAPPER.

We have build a fleet over 50 HDC running, at the moment we have 44 due to defective equipment and drivers that move on to do something else than driving, our plan is to grow the fleet to over 250 HDC in the near future we are working very hard to make that happen.

XNET.

We have installed 9 AP's at 9 different businesses, all this AP's work on the AT&T offload network and we want to grow the network to over 100 different locations in the near future.

DIMO.

We have a fleet of 10 active autopi's and working on installing 7 other autopi that we have on hand very soon, our goal is to grow the fleet to over 150 mid term.

GEODNET.

We have installed 3 GEODNET routers and have 5 other routers on the way to be installed, our mission is to installed over 50 GEODNET routers.

OUR MAIN GOAL:

Our main goal with the project is to grow our fleets and location to over 1000 total combine, we can only do this giving back to the community and with the help of the community, this is the reason we decided to do MFT, with the help of the growth of the token in value we intend to grow our project to new highs, the marketing wallet is going to be use to grow the amount of equipment we put out there is the fiscal world, but only with the community we can reach this goals, we will keep doing what we set up to do, building the biggest DEPIN injection project and giving back to the community for their support.
